So, what inspired us? In 2020 everyone faced very difficult/different situation for first time in modern history, yes You got it right the 'Covid Pandemic'. We noticed #poor co-operation between government and people, #unclear instructions and confusions, #fake news, #difficulties faced by lower income groups, #starvation of stray animals thats about pandemic situation, apart from that, there are many sensitive and concious people in society who want to do good tasks like tree plantations, donations, cleaning, beach cleaning, spread awareness, revolt against injustice but they don't find Courage to do those tasks themselves and there is no-one to take initiative and thus all ideas die. Using this portal You can take initiative or also can join initiative created by others. After all 'Birds of a feather flock Together'.
